- View ATM and branch locations
- 24-Hour Access

How to Enroll in Mobile Banking from your Mobile Device:

- Download the Mobiliti app from the Apple App Store or Google Play, depending on your mobile device's operating system, and install it on your device.
- Open the Mobiliti app.
- Tap the First Time User? *Enroll Now* link.
- Tap Type of account.
- Tap the type of account you want to use to identify yourself during enrollment.
- In the Account number field, type the account number associated with the account type you selected.
- In the Social Security number field, type your social security number. Tap Next.
- Enter PIN (last 4-digits SS#) Tap Next.
- Enter Mother Maiden Name. Tap Next.
- In the Email Address field, type your email address.
- Type your email address again in the Confirm email address field.
- Tap Enroll.
- Terms and Conditions – Online Version. Tap Accept.
- In the Username field, type your online banking user name. If you are not enrolled in online banking, type a unique user name for use when signing in to online banking and Mobiliti.
- If you are not enrolled in online banking, or if your existing online banking password has expired, type a unique password in the New password field for use when signing in to online banking and Mobiliti.
- Type your new password again in the Confirm password field.
- Tap Continue.
- On the Set up—challenge questions screen, select three different challenge questions and type their answers. Mobiliti presents these questions when it requires additional authentication to complete an action.
- Tap Continue. The Congratulations screen appears.
- Tap Log in now to open the app, sign in, and accept the Terms and conditions.

NOTE: To add additional Mobiliti access channels (such as text message banking, Mobile Browser Banking, or Alert Banking), sign in to online banking and follow the [Change Mobiliti Service](#) procedures.
